For those driving, we suggest taking Highway 401 to the Brampton interchange and then taking Toronto Highway 10 north to the farm. See the map on page eight. Following the sale, transportation will be provided to the Louada Sale. Please indicate in advance if possible if you want to be included on the busses to Louada.

SALE HEADQUARTERS: The Bay Motor Motel, Owen Sound, Ont., about 30 miles north of the farm on Highway 10. Make reservations direct to the motel, to Allendale Farms, Ltd., Flesherton, Ont., or to the sale manager.

Since local regulations vary, it is always wise to check the rules of your home state for any variance from Ontario law. The Allendale herd is certified and accredited for tuberculosis and brucellosis. Calfhoo vaccination of females is practiced and a negative herd test was recorded in May of 1966. The Saraguay herd is federally tested each year and calfhoo vaccination of females is practiced. All females will be pregnancy examined.

LIABILITY: Allendale Farms, Ltd., and Saraguay Farms, their owners and employees accept no liability for accidents that may occur. Accidents at cattle sales are rare, but all attending must do so at their own risk. The sale manager, his assistants, auctioneers, ringmen and clerks were employed by the owners for specific tasks, promotional and clerical, and have no connection with the handling of the cattle, the condition of the premises, fulfillment of guarantees, or health papers. The sale of each animal constitutes a contract between the buyer and seller of each

SHOW RIGHTS: Both herds reserve to select from the offering for their show herds without further announcement.

Welcome to Allendale--

It is a great privilege to invite you to the first production sale at Allendale Shorthorn Farms Limited.

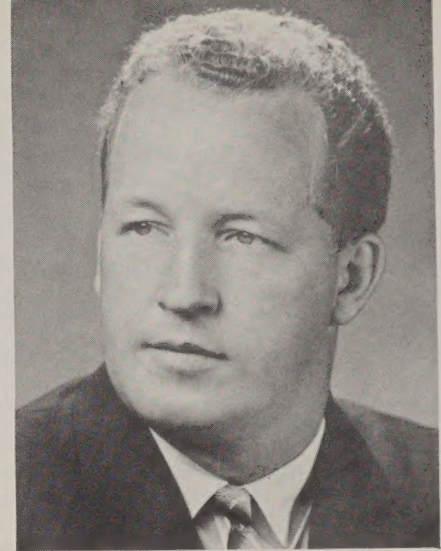

Through the years we have found our association with Shorthorn breeders to be most rewarding. We believe that our Shorthorn friends are the most sincere and friendly group that can be found anywhere in the world.

We have built the reputation of sparing no financial cost or effort in building the strongest possible Shorthorn and Polled Shorthorn herd. We, at Allendale, know that you will be thrilled as you examine the outstanding animals offered such as the many daughters of Aberfeldy Armada AAA bred to International Champion Field Marshal.

We welcome Saraguay Farms to the sale. The Saraguay stock committed to this sale combines with the Allendale herd to make a truly fine offering.

Much of the success of our Shorthorn herd is attributed to Willie Neish, general farm manager and Allen Neish, herdsman. Willie and Allan came to us from Louada Manor Farms, one of the outstanding Shorthorn herds in the world.

We would be pleased to have you come early to look over our entire herd and then join us for dinner and entertainment at the famous Bay Motor Motel in Owen Sound (just south of the city on highways 6 & 10).

KEN ALLEN

Cordially,

Ken and Emily Allen

Allendale: Built on Quality

Few herds in the world have been assembled with the care that has gone into the founding of Allendale. From all over the United States, Canada and Scotland have come foundation females of the first magnitude. On sale day at the farm here are a few of the world-famous cows you'll see:

The \$6,600 Camson Primrose 2nd x
The \$3,300 Camson Primrose 4th x
The \$4,500 Breck's Zoe x

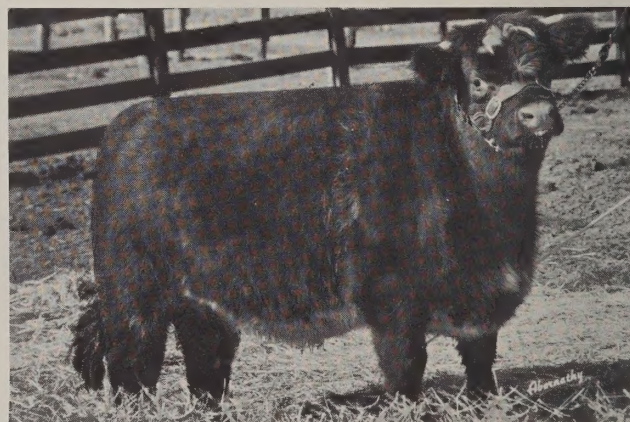

Both top females of the 1965 "Choice of Champions" sale were consigned by Boll Weevil Plantation, Waynesboro, Ga., and sold to Allendale. From left are Mrs. Hugh Fenwick and Ken Allen with the \$3,000 Boll Weevil Golden Chain 4th that later was reserve grand champion of the Canadian National Exhibition. With the \$2,600 Boll Weevil Golden Chain 5th are Willie Neish of Allendale and Bill Elliott of the Ontario Shorthorn club.

Camson Charity Clipper x, \$1,400
Gloriadale Claret 11th x, \$2,500
Lewisfield Pauline, \$2,600
Boll Weevil Golden Chain 4th, \$3,000
Boll Weevil Golden Chain 5th, \$2,600
Denend Muriel Wimple, \$2,600
Aberfeldy Rosebud 5th, \$1,800
Aberfeldy Bonnie 3rd, \$3,200
Louada Butterfly Sylvia, \$1,550
Scotsdale Molly Rosewood, \$1,100
Louada Roma Rosewood, \$1,500
Fralawn Gay Lass, \$1,200
Scotsdale Veronica Goldie, \$1,100
Violet Mist 2nd of KC, \$1,150
Northwood Rothes Queen, \$1,000

These are only a few of the top-selling females that fill the herd. In addition, last summer Allendale purchased the entire Briardale herd from Mrs. Torrence Beardmore, Mono Mills. Recognized as one of Canada's outstanding groups of females, Briardale was well-known for

Top-selling female of the historic Lewisfield sale was Lewisfield Pauline purchased at \$2,600 for Allendale.

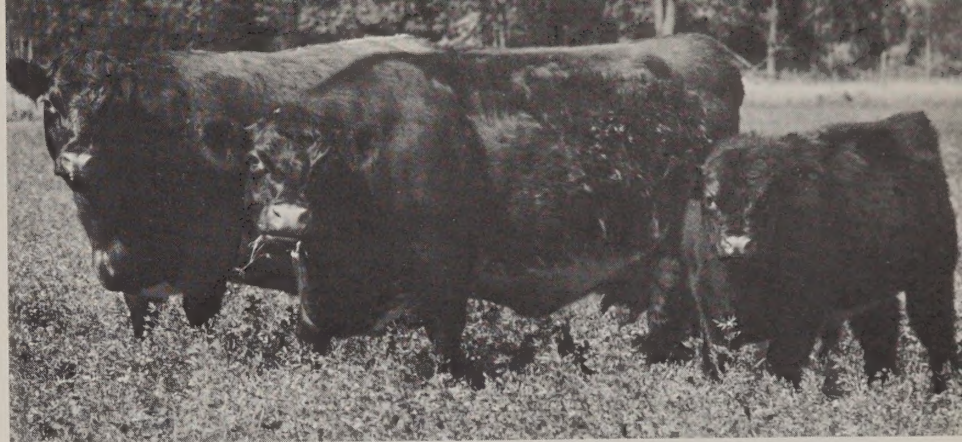

powerful brood cows that produced regularly and well. With the herd came the AAA Aberfeldy Armada, a number of whose daughters sell and that will certainly be sale attractions.

Just a few weeks ago Allendale added 10 females from Dave Garriott's strong Ox Valley herd at Scottsburg, Ind., including most of his show herd. Then, as we go to press, Allendale has purchased the entire Mapelure herd of Garnet Stonehouse, Owen Sound, Ont. The Mapelure herd is small, but anyone who has seen it can attest to its prime quality. These cattle will be on display on sale day.

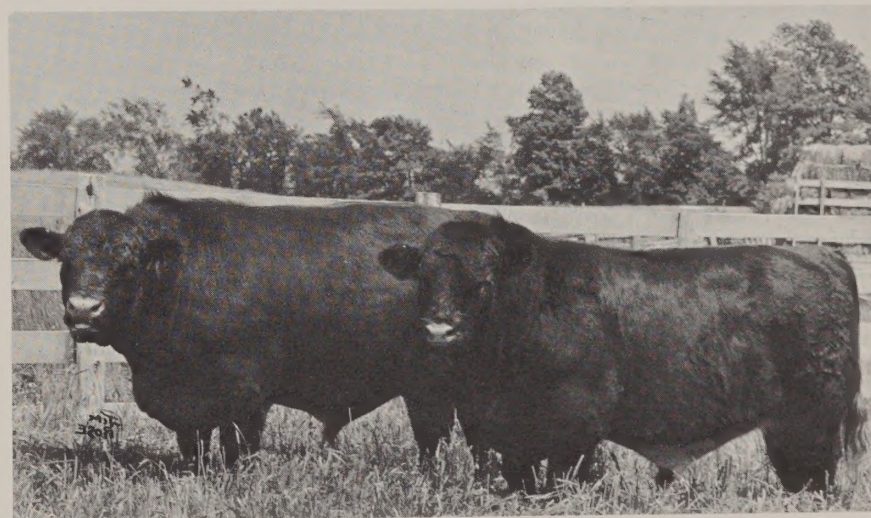

But no matter how good the females, there must be stock bulls of the calibre to top them. The reference sires on the following pages need no introduction. With bulls like the International supreme champion Aberfeldy Field Marshall, the AAA Aberfeldy Armada, Louada Copyright, Louada Debonair and the \$7,500 Camson Highlight x, the future of the Allendale herd is assured for generations.

Gloriadale Claret 11th x, left, by Constellation of Bapton x AAA was the top-selling open Polled Shorthorn heifer of the breed in 1965. She came to Allendale at \$2,500 in the Gloriadale dispersion.

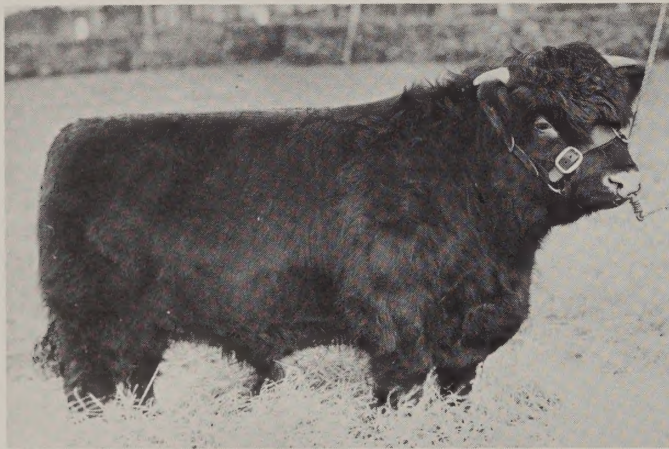

From left are Breck's Zoe x purchased for \$4,500 in the Campbell Dispersion by Allendale; the \$6,600 Camson Primrose 2nd x acquired by Allendale with the purchase of the C. W. Farmer herd, and Camson Highlight x for which Allendale paid \$7,500.

From left are Camson Dynamo x, Lot 3, and Camson Highlight x, junior stock bull at Allendale. This picture was taken in June of 1965 and shows the bulls in yearling form. Both are by the \$18,000 International grand champion Dandy of Westdrums x.

Mrs. W. C. Pitfield relaxes on the lawn of her home at Saraguay, Montreal, Que. The dogs are her Hungarian Kuvasz, rarely seen in North America. The bull is Saraguay Gambler 12th x and his dam, Saraguay Jeanette x.

Westdrums Romulus was purchased in the 1960 Perth sale by Mrs. Pitfield at 1,600 gns. He infused much of the best blood of Scotland into the polled herd.

Welcome to Saraguay

We at Saraguay were delighted when asked by Ken Allen to join him in his first production sale. It has given us a great deal of satisfaction and pleasure to work with Allendale in arranging this sale.

Their program is exactly the same as ours—simply to produce good Shorthorns and Polled Shorthorns as economically as possible. At Saraguay, the cow herd is fed on good hay in winter with mineral free choice. All calves are creep fed with crushed oats from birth and are weaned around six months of age, then grown out without any high protein feed.

We sincerely hope that our cattle and our breeding program will be of interest to you and that meantime soon you will find time to visit us at Saraguay where you will receive a warm welcome from Monty Cowan and myself.

Mrs. W. C. Pitfield

From left are Princess Pam of Westdrums x, a granddaughter of Uppermill Leopold, and Myra of Westdrums x by Uppermill Leopold. Both were imported for the Saraguay herd.

Those of you who have never visited Saraguay have missed a real treat. Their goal is the same as every thinking breeder of Shorthorns and Polled Shorthorns—to have the very best cattle possible. And, they are on their way to achieving it.

The notable exception, however, is that Saraguay is among the most practical herds you will find. There is nothing fancy, nothing wasted on unnecessary frills. Although vast sums have been spent to acquire the very best females available, they are not pampered. They survive and prosper on the rugged Quebec countryside.

Mrs. W. C. Pitfield, is among the most sincere breeders you will ever meet. She thoroughly enjoys her cattle and carefully plans the breeding program that has developed increasingly high quality cattle with each passing year.

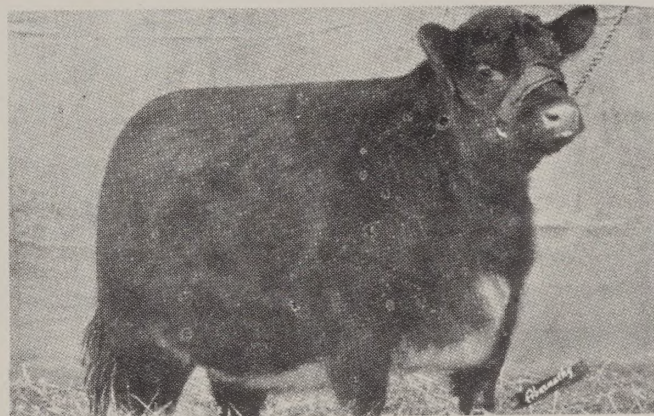

Saraguay is under the capable management of Monty Cowan. A careful student of pedigrees, Monty attends each of the Perth sales, frequently bringing back some of the best for Saraguay. His purchases both in North America and Scotland are aimed at fusing the best of Shorthorn blood into a modern, economical product with the added advantage of Polled Shorthorn heads.

You will enjoy the folks from Saraguay and, if you have never seen their cattle, you are in for a pleasant surprise.

FLASH! We are pleased that the first daughter of Home Again Gambler x was selected to be one of the representatives of Canada's Polled Shorthorns at the National Livestock Show Case in Ottawa.

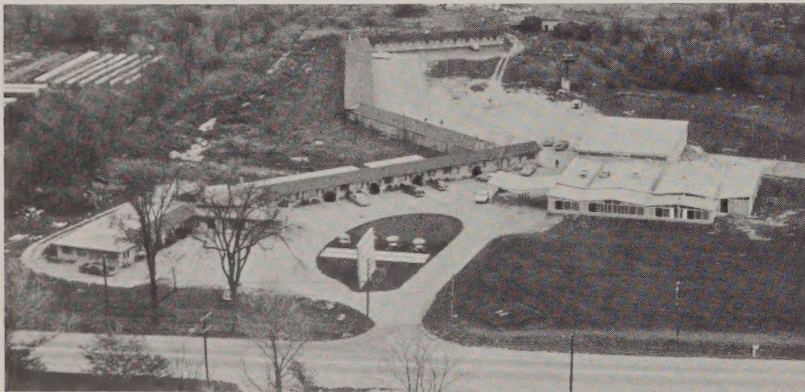

Monty Cowan, the genial manager of Saraguay, is shown behind Lynnwood Augusta May 6th x by Carona Fascination x. She was purchased at \$2,000 for Saraguay at the 1962 Polled Shorthorn Congress and is typical of the foundation females acquired for the herd.

Oakwood Lady Lavender 2nd x was top-selling female of 1960 at \$5,275. She is now a member of the Saraguay cow herd and acclaimed by all who see her as the ideal Polled Shorthorn female.

Allendale is easily reached by traveling Highway 10 from Toronto. We suggest that visitors from the United States take superhighway 401 to the Brampton Interchange and then go north on Highway 10. Signs will direct you to the farm.

The Bay Motor Motel will be sale headquarters in Owen Sound, Ont. Plan to be our guests there at buffet dinner on Friday night, October 21. As a special feature, top-flight entertainment is planned.

From the Sale Manager

An undisputed fact of life in the cattle business is that you cannot produce good cattle from a mediocre foundation. No herds anywhere have purchased as judiciously for their foundations. Year after year, in auction after auction, Shorthorns and Polled Shorthorns, you will find many of the tops going to Allendale and Saraguay.

The reference sires listed on the following pages are without peers. They are well-known to Shorthorn and Polled Shorthorn breeders everywhere and no further comment is necessary except to say that their calves are every bit as good as you would expect.

Both Saraguay and Allendale are a bit off the beaten path and many of you probably have not visited the herds. It should be a must and this fall sale provides an ideal opportunity. You can spend Saturday at Allendale and then join the gang at Louada for their sale on Monday.

I can't honestly think of a pair of fall auctions that provide so many top buying opportunities with a minimum of time and travel. It's bound to be a memorable weekend and one of which you should be a part.

ABERFELDY ARMADA — Classified AAA, this bull we acquired with the purchase of the entire Briardale herd where he had done an excellent job. He is a son of the Calrossie Forward March that, for Reford Gardhouse, produced many show winners. His dam, Royal Clara, produced Aberfeldy Control — CNE champion in 1961 and Aberfeldy Welcome, senior herd sire MF Farms, Milliken. A daughter topped the Aberfeldy sale in 1953 at \$2,000 to Louada Manor Farms. There are several top females in this sale by Armada that could go into any herd and look great.

LOUADA DEBONAIR — Has a very rich pedigree, coming from the Blood Royal family on the dam's side. His sire, Kinellar Royal Robin, herd sire at Royalty Farms, is a son of Bapton Roan Robin, that was the first son of Bapton Constructor retained as a stock bull at Bapton. After a highly successful career at Bapton, he was sold for export to Ian McLeod, New Zealand. Debonair is a brother to Louada Randolph used in the True Buckmaster herd. His dam is Blood Royal 20th, a full sister to the \$30,000 Louada Bonaparte, sire of Louada Roths King, successfully used in the Louada herd. Debonair's sons have the herd bull stamp about them.

ALLEN'S WELCOME — An excellent herd bull prospect, he could go into any herd and do an extra good job. This calf has been popular at Allendale. He has a great head with a wealth of qualities — deep-bodied, good-quartered and plenty of size. Note the Princess Doreen family from the widely acclaimed Graham herd on the bottom side. We have bred several females and reserve the right to use frozen semen now in storage, accordingly Allendale sells two-thirds interest and full possession. Unfortunately, this picture hardly does justice to a tremendous bull.

He is out of one of our most reliable producers.

Balbithan Emperor sold to Edellyn for 1,900 gns. at Perth. Up to the time of the Edellyn dispersions his sons and daughters had averaged \$780. Scottish Buttercup 48th (imp)
Dark Roan, D. M. Stewart

SARAGUAY BUTTERCUP 18th x — In 1953 we purchased the old Scottish Buttercup 48th x in the Birmingham sale. We returned in 1956 and bought two more polled Buttercups. The old cow never left us a daughter; however, we have two granddaughters to carry on the Millhills Buttercup family, and today we have ten Buttercups in the herd. She is the other Romulus daughter we are parting with. We have 15 Romulus daughters in the herd. Bred July 6 to Saraguay Gambler 12th x.

From left are Saraguay Simplicity 3rd x, Lot 52 and Saraguay Estelle 13th x, Lot 51.

Scotsdale Noella Princess, the dam of Lot 54.

SARAGUAY PRINCESS MARTHA 2nd x — A lovely red Calrossie Princess Royal in polled form. By a polled son of Westdrums Romulus. We used this Romulus son because of the Cruggleton breeding on his dam's side making him 50% Cruggleton bred. Mated to Saraguay Gambler 12th x since June 27.
